

## Yellow Brick Theater Workshops 2018-19 FOR PRIMARY, COLLEGE, LYCEE

Now in its 8<sup>th</sup> year, the Yellow Brick Theater is offering Theater Workshops for primary, collège & lycée native/advanced English students. Most workshops will extend from mid September thru mid May 2019 (27 weeks), except for Lycée group. (see below)

YBT's aim is to explore and develop the actor's creativity and imagination while building presence and self confidence through performance. We do this through collective & individual improvisation, vocal exercises & stage movement to free up voice and body, character creation and scene work. We play with objectives, overcoming obstacles and taking risks and enjoying ourselves in the process.

#### CLASSICAL THEATER WORKSHOPS FOR LYCEENS (10 wks)

*This is a 10 week session using classical theater texts, (eg: Ibsen, Williams, O'Neill, Miller, Shakespeare and others) in which we'll explore character development within scenes and monologues study.*

*Beginning with warm ups and vocal exercises which free students to listen and react spontaneously we'll then explore text & subtext in a chosen classical text. Character development draws from research, imagination, voice and movement. Texts studied may be in tandem with works studied in the English program, enhancing student's understanding and connection to these works. Students are asked to prepare (memorize) a 1-2 minute monologue from Shakespeare's Romeo & Juliet or Arthur Miller's The Crucible, **for the 1<sup>st</sup> class**)*

*Parents are invited to see the actor's work in a final open class in December. A new semester will start in January.*

*Wednesdays 13:30-15h (190 euros for 10 weeks)*

#### 'COLLEGIANS' IMPROV GYM

*Developing imagination and establishing objectives, conflicts and a way to resolve a scene, we'll explore individual & collective freestyle and thematic improvisation. In the 90 minute class, we will have time to refer to contemporary texts as well as focus on a theme born from improvisations, and have the possibility to develop a short play for an audience. (There could be space in the 90 min class for a limited number of 5eme, motivated students).*
